

Hi all!

I am excited because I live for springtime in PHX and now its tiem for us to enjoy the month of March.

Last month was very cheerful and yes, WE Local PHX was a great success. SWE-PHX really represented and many thanks to all our volunteers from the subcommittee members. It was an awesome time! We know that the underrepresentation of girls & women in science cannot be solved only by networking and events; that's why we stay actively involved and create environments that meet their needs. Its imperative that we (SWE-PHX) continue to promote STEM and be role models for

these girls giving them each a chance to develop and engage early. This is a powerful element and may determine whether or not she chooses engineering!

Here's what's coming up:

- SWE-PHX Quarterly Book Club
- SWE-PHX Spring Happy Hour – TBD
- SWE-PHX Scholarship – TBD
- ASU Gear Day – 3/24/17
- Event with Medtronics
- Glendale CC Engineers Day - April
